Introduction

Long-term superior performance is directly related to job fit. Job fit, in simple terms, is having the talent that the job requires.

Most people match some, but not necessarily all, job requirements. When this happens, we have a gap. The gap is nothing more than an area for development.

This report makes it easy for both manager and subordinate to discuss and develop a plan for personalized development.

Job Rewards/Culture Hierarchy

These graphs are based on the hierarchy of the job benchmark's rewards/culture in descending order from highest required by the job to the lowest. Gaps may point to a job culture that does not match the person's passion and may produce negative feelings about the job.
